TULIPS
HYACINTHS
NARCISSES

DAVID J. SCOTT CO. CORFU
NEW YORK

Visitors Welcome

Visitors are cordially invited to view our display grounds during May, when hundreds of varieties of Tulips and Daffodils are in flower. They are indescribably beautiful, and no illustrations or descriptions in catalogues can do them justice.

In this vicinity, Daffodils are in flower from the 1st to the 15th of May. The flowering dates for Tulips will be found in detail under Tulip Classes.

This display presents an exceptional opportunity to make a selection of varieties. May we suggest, if you are interested, that you check in the catalogue, the names of those you especially like. All varieties are listed alphabetically, with a brief description of color and height.

A view of our Narcissi Planting at Corfu

Tulip Classes

After the name of each variety, we have noted the Class to which it belongs. This is important as it indicates the flowering date which should be considered in selecting varieties and in their arrangement in your garden.

EARLY FLOWERING TULIPS — MAY 1st to 15th

Both single and double varieties are to be found in this class. The colors are bright and attractive. The stems are medium height, 10" to 18". Very suitable for formal planting, the mass of bright colors creating a beautiful effect. A few groups will prolong the Tulip season, and add bright colors to your garden at a time when it might otherwise be unattractive.

Most varieties are suitable for flowering in pots in the home and can be had in flower ahead of the Darwins.

TRIUMPH TULIPS — MAY 5th to 18th

This class originated as a result of crossing varieties of the Early-Flowering type with various Late-Flowering Tulips. They are intermediate in flowering between these two classes, which is a desirable feature. In addition, the Triumphs embrace the widest range of colors of any class of Tulips, and many beautiful color combinations are included. They come in both single and double varieties, varying in height, some being 12 inches while others reach 26 inches.

LATE FLOWERING TULIPS — MAY 15th to 30th

Among late flowering Tulips, we list the following classes.

Darwin Tulips. The varieties of this class are of comparatively recent introduction, and are unquestionably at the height of their popularity at the present time. Their chief characteristics are the cup-shape of the flower, fleshy substantial petals, and long strong stems, averaging from 24" to 36". The colors cover a wide range and as a rule the flower is of one solid color, though some varieties are a combination of two or more shades.

Certain varieties are especially fine for flowering in pots in the home. We will be glad to furnish information in regard to these upon request.

Ideal Darwins. These are seedlings of the original Darwins and many of the varieties are a distinct improvement over some of the older Darwins. Next to increased size and longer stem, perhaps the greatest acquisition is the wide range of colors included in these seedlings. Lovely soft yellows and large bold whites on long strong stems are welcome additions. This year a number of new varieties have been added to our planting.

Breeder Tulips. The varieties in this class include those soft and odd shades, tan, buff, bronze, orange and maroon, which combine so beautifully with the bright colors of the Darwins and Cottage Tulips. Some of the Breeders are so dull as to be unattractive. These have been eliminated and only the best Breeders are included in our planting.

They flower with the Darwins and are identical in size of flower, length of stem, lasting quality, etc.

Cottage Tulips—Hybrid Tulips. (May 12th to 30th). Cottage Tulips as a class are very old, and in the old-time gardens were the ones mainly used. Many of the original varieties are still cultivated and have pleasing qualities. In general they are of medium height, 16" to 24". The stems are gracefully slender, and the flower is usually long and pointed. It is natural that many new and improved varieties would be originated during recent years, some as a result of crossing with the Darwins. These are classified as Hybrid or improved Cottage Tulips, and compare favorably in all respects with the Darwins and Breeders.

Bizarre, Bybloemen, Rembrandt Tulips. Also known as Striped and Feathered Tulips. They originate as "Breaks" from the Breeder and Darwin Tulips.

SPECIE TULIPS. (Various flowering dates)

Unlike the cultivated classes listed above, Specie Tulips are really wild Tulips, most of them natives of Central Asia. They include an endless variety of color, shape, size, height, and season of bloom. *Dasystemon* and *Saxatilis* are so small as to require searching for, while others like *Greigii* and *Fosteriana* are as highly colored and almost as large as an oriental poppy.

WE ARE BULB SPECIALISTS and if the bulbs you want are not found in our lists, we can procure them for you provided your request is received in time for us to include them in our orders to the growers.

ORDERS

If you contemplate planting bulbs this fall and wish to have some of our choice varieties, it will be necessary for you to place the order before June 25th, as this is the final date on which advance orders are tabulated and forwarded to Holland. We import only sufficient bulbs of the rare varieties to fill advance orders. Our growers in Holland reserve for us the best quality bulbs, of which there is only a limited supply, and for this reason we forward our orders to Holland early in the season.

TERMS OF SALE

To customers of record, the usual credit courtesies will be extended. New customers will please furnish references.

Small orders and those not otherwise arranged for will be sent C. O. D.

Bulbs will be sent to you in October, all charges prepaid, east of the Mississippi.

No order for less than five bulbs of one variety will be entered, except where bulbs are priced singly.

Five bulbs of one variety are sold at the ten rate; 25 bulbs of one variety, at the hundred rate; 250 bulbs of one variety, at the thousand rate. Where the thousand rate is not quoted, deduct 10 per cent from the hundred rate.

We endeavor to keep our prices as low as possible, but price is not our first consideration. We want you to have the same results as we have, and to that end, we furnish you bulbs which produce these results.

Save 10%

To encourage the placing of orders in the spring, which is of immense benefit in enabling us to estimate our import requirements for fall sales, and to insure our having the particular varieties you desire, we will allow a discount of 5% on all orders placed before June 25th.

When full payment is made on orders placed before June 25th, we allow an additional 5%, making 10% in all. Otherwise, there is no discount from this list.

*Complete planting instructions will be
furnished with each order.*

WE DELIVER FREE EAST OF THE MISSISSIPPI

Tulips

No order accepted for less than five bulbs of one variety, except where a price per single bulb is quoted.

Absalom. (Bizarre). Orange, feathered brown and yellow. Height 27 in. 10 bulbs \$1; 100 bulbs \$9.

Admiral Tromp. (Breeder). Salmon-orange with lighter border. Height 27 in. Each 25 cts.; 10 bulbs \$2.40; 100 bulbs \$22.

Adoration. (Ideal Darwin). Brilliant flesh pink with light edges. Height 26 in. 10 bulbs \$1.40; 100 bulbs \$13.

Advance. (Hybrid). Bright orange-scarlet. A large bold flower. Height 26 in. Each 25 cts.; 10 bulbs \$2.40; 100 bulbs \$22.

Afterglow. (Darwin). Deep rosy orange, edged buff-yellow; inside, rich salmon and yellow. Height 29 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Alaraph. (Triumph). Maroon with gold edge. Height 20 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Alaska. (Cottage). Golden yellow, long pointed petals. Fragrant. Height 24 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Alberio. (Triumph). Cherry-red with white border. Very attractive. Height 22 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Albino. (Hybrid). A large flower, pure white. Height 24 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Aldib. (Triumph). Outside of petals, deep red; inside, scarlet with yellow base. Large well-formed flower on a short strong stem. Excellent variety for bedding. Height 17 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Algieba. (Triumph). Beautiful pale lavender, one of the few lavenders in the Triumph class. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Alhena. (Triumph). Soft rose-pink. A large well-formed flower of very pleasing color. One of the best Triumph Tulips. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Aljechin. (Cottage). Multi-flowering. Dark cerise-red. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Allegro. (Triumph, Double). Red with creamy white edge. Very large full flower. Height 19 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Ambrosia. (Hybrid). Pale bronze flushed lilac-rose; inside, salmon-orange. Ambrosia might be described as a wonderfully improved John Ruskin, its delicacy of color appealing to most everyone. Height 28 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Amethyst. (Cottage). Violet-blue with distinct white base. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Annie Laurie. (Hybrid). Dark rose. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Annie Van Ees. (Ideal Darwin). Fine crimson-red with blue center. Height 28 in. 10 bulbs \$1.60; 100 bulbs \$15.

- Anton Mauve.** (Darwin). Lavender slightly flushed rosy brown. Very large flower. Height 34 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Aphrodite.** (Darwin). Clear silvery rose-pink. Height 34 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Arethusa.** (Hybrid). Pale primrose, edged lemon-yellow. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Argo.** (Hybrid). Deep yellow, penciled reddish orange, deepening in color as the flower develops. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Augustus.** (Breeder). Lavender, flushed rosy purple. Exceptionally large flower carried on a tall strong stem. Height 32 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Aureole.** (Cottage). Chestnut and red with broad border of dark yellow. Height 25 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Australis.** (Specie). Yellow tinged bronze. A very dainty flower suitable for rock gardens. Height 15 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Austrinus.** (Triumph). Solid red, of a distinct and pleasing shade. Very large flower. Height 20 in. 10 bulbs 90 cts.; 100 bulbs \$3.
- Avalon.** (Ideal Darwin). Pure white with black anthers. Height 29 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Aviateur.** (Triumph). Carmine red with a broad border of creamy yellow. One of the best Triumphs. Height 19 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Avis Kennicott.** (Cottage). Very long, deep yellow flower. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Avondzon.** (Triumph, Double). Scarlet flushed orange. Height 16 in. 10 bulbs \$1; 100 bulbs \$9.
- Azelles.** (Triumph). Very large, rose-pink. Height 20 in. 10 bulbs \$1.60; 100 bulbs \$15.
- Baby Love.** "Chameleon" Tulip of Darwin type. Opens pure white with faint red edge which becomes more distinct as the flower ages. Height 25 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Bacchus.** (Breeder). Dark violet-blue. Height 27 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Bandoeng.** Dark wine-red with golden orange edge. 10 bulbs 80 cts.; 100 bulbs \$7.
- Barbara Pratt.** (Hybrid). Radiant cherry-pink, edged lilac-rose; yellow base. Considered one of the finest of the newer Tulips. Height 34 in. Each 20 cts.; 10 bulbs \$1.40; 100 bulbs \$13.
- Baronne de la Tonnaye.** (Darwin). Bright rose, margined blush-pink. A very satisfactory garden Tulip. Height 32 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Bartigon.** (Darwin). Crimson. A large flower on very stiff stem. One of the best for flowering in pots in the home. Height 27 in. 10 bulbs 60 cts.; 100 bulbs \$5.

SELECTIONS SHOULD BE MADE WHILE VIEWING OUR DISPLAY

- Baton Rouge.** (Ideal Darwin). Bright salmon-red. Height 28 in. 10 bulbs \$1; 100 bulbs \$9.
- Bella Donna.** (Ideal Darwin). A lovely red with greenish blue center. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Benjamin Franklin.** (Ideal Darwin). A lovely lavender Tulip of perfect form. Height 29 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Beranger.** (Hybrid). Lovely shade of orange; inside, coppery orange. A new Tulip highly recommended. Height 24 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Berenice.** (Triumph). White with creamy base. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Biflora.** (Specie). A miniature, multi-flowering Tulip, white with yellow center. Height 6 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Black Eagle.** (Darwin). Deep purple with blue base. The best dark purple. Height 34 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Bleu Aimable.** (Darwin). Bright violet-purple with distinct steel-blue shading. Height 27 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Bleu Celeste.** (Late Double). Delightful shade of blue; large full flower. Height 25 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Blue Danube.** (Ideal Darwin). Lavender-blue. Height 30 in. 10 bulbs \$1; 100 bulbs \$9.
- Brigadier.** (Breeder). Chestnut brown, shaded orange and bordered lighter orange. Height 27 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Brightness.** (Cottage). Brilliant scarlet with light center. Height 24 in. 10 bulbs 90 cts.; 100 bulbs \$3.
- Brocade.** (Breeder). A soft terra cotta bronze; an oval flower of medium size and rich color. Height 28 in. 10 bulbs \$1; 100 bulbs \$9.
- Bronze Queen.** (Breeder). Soft buff, shaded bronze. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Buff Beauty.** (Hybrid). A delicately colored Tulip, salmon-orange shaded buff. Height 20 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- California.** (Triumph). White shaded pink. Height 19 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Camelia.** (Ideal Darwin). Lovely satiny rose with white base. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Captain Fryatt.** (Cottage, Lily-flowering). Dark ruby-violet. Height 24 in. 10 bulbs \$2; 100 bulbs \$19.
- Cardinal Manning.** (Breeder). Deep rosy violet, flushed with rosy brown. Very large flower. Height 33 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Cardinal Rampollo.** (Early Single). Orange-red, yellow margin. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Carrara.** (Hybrid). Pure white with yellow anthers. Height 24 in. 10 bulbs 80 cts.; 100 bulbs \$7.

ORDER NOW. PAY IN THE AUTUMN WHEN BULBS ARRIVE

- Cassiope.** (Hybrid). 10 bulbs 90 cts.; 100 bulbs \$8.
- Cheerfulness.** (Ideal Darwin). Bright rosy red with light center. Height 27 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Chicago.** (Triumph). Pure red, large flower. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Cicilie.** (Triumph). Very soft yellow tinged with orange. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- City of Haarlem.** (Darwin). Very brilliant dark scarlet. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Clara Butt.** (Darwin). Clear pink, flushed salmon-rose. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Clusiana.** (Specie). Outer petals bright cherry-red, inner petals creamy white. Being quite small, should be planted in groups to be effective. Height 14 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Couleur Cardinal.** (Early Single). Brilliant crimson-scarlet with deeper shading. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Colleen Moore.** (Ideal Darwin). Vermilion red; inside, glowing orange with yellow base. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Colorado.** (Triumph). Clear yellow, flushed reddish-orange. A very long pointed flower of beautiful form and color. Height 19 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Columbus.** (Cottage). Yellow, striped scarlet. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Coma.** (Triumph, Double). Orange red, edged yellow. Very full flower on a stiff stem. Height 11 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Cordova.** (Breeder). Beautiful lavender, flushed pink. Height 32 in. 10 bulbs \$1.50; 100 bulbs \$14.
- Couronne D'Or.** (Early Double). Golden yellow, flushed orange. Height 15 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Creation.** (Breeder). Golden bronze; the center portion of the outer petals flushed rose. This is one of the best of the bronze Breeders. Height 24 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Crusader.** (Breeder). Very large plum colored Breeder. Height 30 in. 10 bulbs \$1.50; 100 bulbs \$14.
- Cullinan.** (Early Single). Flesh-pink, deepening as the flower develops. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Cunera.** (Breeder). Purplish bronze, yellow base. Exceptionally large flower with tall strong stem. Height 34 in. Each 20 cts.; 10 bulbs \$1.80; 100 bulbs \$17.
- Dainty Maid.** (Bybloemen). White, feathered blue. Height 20 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Dasystemon.** (Specie). A very dainty star-shaped flower, white with creamy center. Multi-flowering. Height 3 to 4 in. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.

David Scott. (Darwin). In the early stages the flower is pure white, becoming gradually suffused with pink, similar to the Cottage Tulip Picotee. Large flower on a tall strong stem. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.

Defender. (Cottage). Bright magenta-purple with darker interior and lighter border. Height 26 in. 10 bulbs \$1.50; 100 bulbs \$14.

Denbola. (Triumph). Amaranth red, with cream border. A distinctly new type in Tulips. Height 23 in. 10 bulbs 90 cts.; 100 bulbs \$8.

De Wet. (Early Single). Beautiful deep orange, shaded golden yellow at base of petals. Height 15 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Dido. (Hybrid). Deep coral pink, edged light orange; inside, soft flame color. One of the most beautiful of all Tulips. Height 28 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Dillenburg. (Hybrid). Orange shaded lilac. One of the finer new Tulips. Height 31 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Dom Pedro. (Breeder). Deep coffee-brown, narrow edge of golden brown. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Darwin Tulip — David Scott

- Dream.** (Darwin). A light heliotrope. Height 27 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Dr. Euwe.** (Hybrid). Beautiful canary yellow. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Duke of Wellington.** (Ideal Darwin). A very fine white Tulip, with white anthers. Large well-formed flower on a tall graceful stem. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Eclatant.** (Hybrid). A lively shade of orange-pink. One of the best of the newer Tulips. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Eclipse.** (Darwin). Glistening deep red. Unquestionably the finest in this shade, and must be included in anyone's selection of a list of the finest Tulips. Height 28 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Eichleri.** (Specie). Bright scarlet. A well-formed flower of large size for a Specie Tulip. Height 11 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Electra.** (Early Double). Cherry-red shaded violet. A sport of Murrillo. Height 15 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Ellen Willmott.** (Cottage). Primrose-yellow flower, long and narrow with slightly reflexing petals. Fragrant. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Enchantress.** (Ideal Darwin). A rosy red, broadly edged pink. Height 27 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Eunice.** (Darwin). Brilliant rose-pink; a large flower carried on a long strong stem. A fine pink Tulip. Height 29 in. Each 15 cts.; 10 bulbs \$1.40; 100 bulbs \$13.
- Fancy.** (Bizarre). Mahogany, feathered yellow. Height 24 in. 10 bulbs \$1; 100 bulbs \$9.
- Fantasy.** (Parrot). Beautiful clear pink with an occasional greenish splash adding to its richness. The petals are beautifully lacinated. Unlike the older Parrot Tulips, the strong stem holds the flower erect. Universally admired. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Farncombe Sanders.** (Darwin). Rosy red, very large flower carried on a long strong stem; one of the older Darwins and still one of the best. Height 31 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Faust.** (Darwin). Deep purple maroon. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Feu Ardent.** (Breeder). Rich deep red. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Feu Brilliant.** (Darwin). Bright scarlet. Height 36 in. 10 bulbs, 70 cts.; 100 bulbs \$6.
- Flamingo.** (Early Single). Rose striped white, and crinkled. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Flava.** (Cottage). Creamy canary-yellow. Height 25 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Formosa.** (Specie). Yellow shaded soft green. Height 12 in. 10 bulbs 70 cts.; 100 bulbs \$6.

SCOTT'S QUALITY BULBS ARE BEYOND COMPARISON

- Fosteriana.** (Specie). Brilliant scarlet. Very large flower. Height 10 in. 10 bulbs, \$2; 100 bulbs \$19.
- Fred Moore.** (Early Single). Bright orange, shaded scarlet. A splendid Tulip either for forcing or bedding. Height 18 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Gadelan.** (Parrot). Violet and mauve with purple shading. A beautiful novelty. Height 22 in. Each \$2.25.
- Garibaldi.** (Breeder). Terra cotta, shaded golden bronze. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Geisha.** (Hybrid). Light mauve with pink and lavender shadings. Height 32 in. 10 bulbs \$1; 100 bulbs \$9.
- Gemma.** (Parrot). White, flushed pink. Flowers with the Early Tulips. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- General French.** (Hybrid). Salmon-rose. Height 24 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Gesneriana Lutea.** (Cottage). Golden yellow, rather long pointed flower. Height 23 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Giant.** (Darwin). A large dark violet flower. Height 30 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Glacier.** (Ideal Darwin). Pure glistening white, very long shapely flower. If Glacier is not as yet conceded to be the finest white Tulip, it at least does not have to share that honor with more than one or two others. Height 30 in. Each 50 cts.; 10 bulbs \$4.80.
- Globe Terreste.** (Bybloemen). Rose, feathered white. Height 28 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Gloria Swanson.** (Ideal Darwin). Crimson flower of unusual size and substance, borne on a very long strong stem. A very showy variety. Height 32 in. 10 bulbs \$1.20; 100 bulbs \$11.
- G. Nigrorum.** (Bybloemen). Cream, flamed deep violet-purple. Very large flower, one of the finest of this type. Height 28 in. Each 50 cts.; 10 bulbs \$4.80.
- Goethe.** (Triumph). Deep red, light edge. Height 18 in. 10 bulbs, 70 cts.; 100 bulbs \$6.
- Golden Age.** (Darwin). Golden yellow, faintly overlaid with orange; a rich deep yellow color, particularly the inside of the petals. Height 26 in. Each 50 cts.; 10 bulbs \$4.80.
- Golden Bronze.** (Breeder). Golden bronze with old gold base. We consider this a good bronze Tulip. It sometimes produces several buds to a stem, in which case all but the largest top bud should be removed. Height 27 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Golden Buff.** (Golden West). (Breeder). Light buff. Height 28 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Golden Harvest.** (Hybrid). One of the finest yellow Tulips. A large flower on a long strong stem. Height 28 in. Each 25 cts.; 10 bulbs \$2.40.

- Golden Lion.** (Early Single). Yellow, edged red. Height 17 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Golden Statue.** (Cottage). A soft yellow tulip of tremendous size. Height 28 in. Each 25 cts.; 10 bulbs \$2.40.
- Golden Wonder.** (Hybrid). Deep yellow, shaded brown. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Goldfinch.** (Early Single). A pure rich yellow. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Grand Yellow.** (Hybrid). A beautifully formed Tulip of rich yellow. Height 24 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Greigii.** (Specie). Orange-scarlet. A gorgeous Tulip both in size and color. Foliage spotted dark brown. Height 16 in. Each 50 cts.; 10 bulbs \$4.80.
- Grenadier.** (Cottage). Light orange or flame color, most attractive. Height 19 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Griselde.** (Hybrid). White with a faint red spray on center of outer petals; inside, creamy white turning primrose toward the center. Height 26 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Grulleman's Giant.** (Ideal Darwin). Brilliant salmon-orange, with darker orange border. Height 30 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Gwen Lee.** (Ideal Darwin). A lavender-purple. Height 28 in. 10 bulbs \$1; 100 bulbs \$9.
- G. W. Leake.** (Hybrid). Brilliant scarlet, yellow center. Height 25 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Haageri.** (Specie). Brownish red. Several dainty flowers to a stem. Height 5 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Hautain.** (Hybrid). Salmon-rose, orange tinted; inside, bright coral, shaded rose; yellow base. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Helen Gahagan.** (Ideal Darwin). Soft cream-yellow; inside, deeper yellow with yellow anthers. A very beautiful, delicately colored Tulip. Height 29 in. Each 65 cts.; 10 bulbs \$6.30.
- Helen Wills.** (Ideal Darwin). Rosy lilac flushed blue. One of the finest lavender-shaded Tulips, and an excellent Tulip in all respects. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Heliotrope.** (Ideal Darwin). A flower of clear heliotrope color. Height 29 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Henrica.** (Cottage). Lily-flowering. Bright yellow, large flower. Height 23 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Henry Correvo.** (Cottage). Bright geranium red with white base. Height 25 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Heroine.** (Ideal Darwin). A long well-formed flower of soft cream-yellow; inside, deeper yellow. A beautiful Tulip. Height 29 in. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- Hugo Stinnes.** (Triumph). Pure red. A fine Triumph for bedding. Height 14 in. 10 bulbs 70 cts.; 100 bulbs \$6.

- Ibis.** (Early Single). A large brilliant dark pink flower that is very fine either outdoors or when forced for winter bloom. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Idaho.** (Triumph). Deep coral pink. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Illias.** (Breeder). Soft purple, shaded heliotrope. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Illuminator.** (Cottage). Yellow, flamed orange. Flowers very late. Height 20 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Imperator.** (Ideal Darwin). Deep red with blue base. A flower of tremendous size, with very long strong stem. The showiest Tulip on our grounds last spring. Height 36 in. Each 50 cts.; 10 bulbs \$4.80.
- Indian Chief.** (Breeder). Indian red flushed coppery brown. A very large flower on a tall stiff stem, of beautiful color and stately appearance. Height 33 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Inga Hume.** (Hybrid). Outside, an odd shade of red with broad sharply lined yellow edge; inside, yellow slightly sprayed red; black base. Height 24 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Inglescombe Yellow.** (Cottage). Often called the yellow Darwin. One of the older and still one of the most dependable yellow Tulips. Height 22 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Insurpassable.** (Ideal Darwin). Large silvery lilac Tulip of good substance. Height 28 in. Each 20 cts.; 10 bulbs \$1.80; 100 bulbs \$17.
- James MacDonald.** (Breeder). Bright golden bronze. 10 bulbs 80 cts.; 100 bulbs \$7.
- Jean Scott.** (Hybrid). Soft cream colored petals, edged glistening yellow. Planted in a partially shaded situation improves the color of this variety. Height 32 in. Each 20 cts.; 10 bulbs \$1.80; 100 bulbs \$17.
- Jessey.** (Breeder). Coffee-brown, flushed bronzy red. Flowers of unusual size, carried on a tall erect stem. This new Breeder might be described as a larger and more highly colored Louis XIV. Height 35 in. Each 25 cts.; 10 bulbs \$2.30; 100 bulbs \$22.
- Joh. Bach.** (Triumph). Red with white edge. Height 18 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- John Rockefeller.** (Triumph). Clear pink with white base. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- John Ruskin.** (Cottage). A medley of apricot, rose and mauve, with a pale yellow base. Height 23 in. To those who have always liked the lovely coloring of this Tulip, we suggest Ambrosia. 10 bulbs 60 cts.; 100 bulbs \$5.
- Kansas.** (Triumph). A fine white Tulip. Height 22 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Kathleen Parlow.** (Darwin). Silvery rose-pink with paler margin; inside, soft old rose with creamy base. A large substantial flower. Height 32 in. Each 15 cts.; 10 bulbs \$1.30; 100 bulbs \$12.

- Kaufmanniana.** (Specie). Palest primrose; carmine-red stripe on outside of petals. Its form and delicate color resemble a water lily. One of the most desirable of the Specie Tulips. Height 8 in. 10 bulbs \$1; 100 bulbs \$9.
- Kaufmanniana Brilliant.** (Specie). Brilliant red. Height 10 in. Each 35 cts.; 10 bulbs \$3.30.
- Keizerskroon.** (Early Single). Carmine-scarlet with broad yellow border. A splendid bedder. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- King George.** (Darwin). Brilliant salmon-scarlet, shaded bright rose. A very large flower on a strong stem. A superb variety of most attractive coloring. Height 34 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- King Harold.** (Darwin). Large deep red flower of fine form. Height 24 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- King Mauve.** (Darwin). Very soft lavender; striking blue base which shows up prominently when the flower is open. A beautiful blending of color. Height 27 in. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- King White.** (Ideal Darwin). Pure white with white base and black anthers. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Kriemhilde.** (Ideal Darwin). The introducers describe this as delicate creamy white. At our planting it developed pure white with white base and anthers. Nicely formed and a good white Tulip. Height 29 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Lady Derby.** (Parrot). Lovely violet and pink with lighter edge. Height 28 in. 10 bulbs \$1.50; 100 bulbs \$14.
- Lady Hillingdon.** (Ideal Darwin). Orange shaded buff. Height 30 in. Each 50 cts.; 10 bulbs \$4.80.
- La France.** (Ideal Darwin). Light rose-pink. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- La Tulipe Noire.** (Darwin). Comes nearest of all to black. Height 27 in. We consider Black Eagle and Faust better dark colored Tulips. 10 bulbs 70 cts.; 100 bulbs \$6.
- La Remarquable.** (Early Single). Claret-red, edged old rose, petals reflexing. Height 15 in. 10 bulbs, 70 cts.; 100 bulbs \$6.
- La Salle.** (Ideal Darwin). Clear silvery white. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- La Tosca.** (Ideal Darwin). Large, well-formed, lemon-yellow flower. Height 29 in. Each 35 cts.; 10 bulbs \$3.30.
- Leda.** (Hybrid). Glowing cherry-pink, of large size. For purity of color, this Tulip is in a class by itself. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Lemon Queen.** (Hybrid). Soft lemon-yellow. Height 26 in. 10 bulbs \$1; 100 bulbs \$9.
- Le Reve.** (Early Single). Old rose, flushed buff. One of the latest to flower in this class. Height 15 in. 10 bulbs 60 cts.; 100 bulbs \$5.

ORDER YOUR BULBS NOW. DELIVERY WILL BE MADE IN OCT.

- Lilac Wonder.** (Ideal Darwin). Porcelain lilac with white center. Height 25 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Lohengrin.** (Hybrid). Brilliant cochineal red, slightly shaded orange, with white base. Very showy. Height 28 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Lord Derby.** (Triumph, Double). Carmine-red with white edge. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Lord Percy.** (Ideal Darwin). Bright salmon-rose, light center. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Lord Roseberry.** (Early Double). Delicate pink. Nice form and wonderful keeping qualities. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Louis XIV.** (Breeder). Rich dark purple with a shade of steel-blue, heavily flushed bronze, edged golden brown. A flower with broad petals, of enormous size and stately bearing. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Louise De La Valliere.** (Darwin). Bright cherry-rose. A Tulip of beautiful color and form. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Love Dream.** (Ideal Darwin). Soft rosy pink, shading to lavender as the flower matures. Height 30 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Lucifer.** (Breeder). A bright terra-cotta-orange. A large well-shaped flower on a graceful stem. One of the finest Breeders. Height 29 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Mad. Buysens.** (Hybrid). Soft primrose-yellow, shaded clear canary-yellow. One of the newer Hybrids, of exceptional beauty of form and coloring. Height 26 in. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- Mad. E. Herriot.** (Ideal Darwin). Bright red with a salmon-orange glow. Height 27 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Mad. Lefeber.** (Specie). Orange scarlet. A handsome flower of enormous size. Height 17 in. Each 50 cts.; 10 bulbs \$4.80.
- Magnolia.** (Hybrid). Creamy white, flushed violet-rose, and sprayed red. Height 28 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Marble Queen.** (Ideal Darwin). A pure white Tulip of large size and nice form. Black anthers. Height 29 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Marceline.** (Cottage). Deep rosy pink with a pure white center. Lily-flowering type. Height 20 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Marechal Victor.** (Breeder). Pale lavender with a broad edge of bronzy buff. Height 30 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Margaux.** (Ideal Darwin). Deep wine red. A flower of tremendous size, borne on a long strong stem. Height 32 in. Each 15 cts.; 10 bulbs \$1.40; 100 bulbs \$13.
- Marjoletti.** (Specie). Pale yellow, shaded red. A beautiful little Tulip for the rockery. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Marjorie Bowen.** (Hybrid). Delicate combination of soft salmon-rose and orange. One of the most beautiful of the newer Tulips. Height 30 in. 10 bulbs \$1.20; 100 bulbs \$11.

- Marshal Haig.** (Darwin). Bright scarlet with a distinct yellow base which shows up prominently when the flower is open. A most attractive Tulip. Height 28 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Martha.** (Cottage). Red, lily-flowering. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Mary O'Day.** (Ideal Darwin). Salmon-rose with distinct orange shading. Height 30 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Mavourneen.** (Ideal Darwin). Delicate lilac and mauve with lighter edges. Height 28 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Maya.** (Darwin). Lavender, inside rosy violet. A fine lavender Tulip. Height 32 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Mebsuta.** (Triumph). Glistening clear pink. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Mekbuda.** (Triumph). Pure white, the outer petals reflexing. One of the best whites in this class, flowering just ahead of the late Tulips. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mellicette.** (Darwin). Light lavender; inside, darker with blue base. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mermaid.** (Ideal Darwin). Delicate flesh pink with light border. Height 30 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mesdag.** (Darwin). Rosy red, enormous flower on a tall strong stem. Height 35 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Michael Angelo.** (Cottage). A soft luminous yellow of great beauty. Height 29 in. 10 bulbs \$1.40; 100 bulbs \$13.
- Michigan.** (Triumph). Lavender-purple. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mimosa.** (Hybrid). Creamy white, delicately shaded apricot. Height 27 in. 10 bulbs \$1; 100 bulbs \$9.
- Miss Jo Van Loon.** (Triumph). Soft rose. Height 20 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mizar.** (Triumph). Purplish rose, light edge. Height 27 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Monsieur Mottet.** (Multi-flowering). Color is ivory-white, each stem carrying from four to five flowers. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Moonbeam.** (Early Single). A most pleasing shade of deep cream yellow. Large petals of heavy texture. One of the best among the Early Tulips. Height 16 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Moonlight.** (Cottage). Soft canary-yellow. Very long oval-shaped flower, with petals reflexing at tip. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mr. Kerbert.** (Triumph). Rose, with white base. Large flower. Height 20 in. 10 bulbs 80 cts.; 100 bulbs \$7.

BE SURE TO ORDER BEFORE JUNE 25th

- Mr. Van Der Hoeff.** (Early Double). Pure yellow. Fine for outdoors or for flowering in pots. Height 15 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Mr. Van Zyl.** (Darwin). Dark rosy pink with broad white edge. Height 27 in. Each 20 cts.; 10 bulbs \$1.80; 100 bulbs \$17.
- Mr. Wentholdt.** (Hybrid). A large well-formed deep yellow flower. Height 27 in. Each 50 cts.; 10 bulbs \$4.80.
- Mr. Zimmerman.** (Triumph). Beautiful clear rose, shading down to white base. Of several Triumphs similar in form and color, this is one of the best. Height 20 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Mrs. Beecher Stowe.** (Breeder). Bluish violet. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Mrs. Grullemans.** (Ideal Darwin). The introducers describe this as a creamy white. In our gardens it came pure white. As such it must be conceded to be one of the best, if not the best white Tulip as yet introduced. The flower is large, of heavy texture, and unfolds beautifully exposing the white center and sulphur-yellow anthers. Tall strong stem, 30 in. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- Mrs. Mandel.** (Ideal Darwin). Mottled lavender and blue, with a rosy bloom. Height 28 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Mrs. Moon.** (Cottage). Golden yellow. Petals reflex at top, forming a beautiful flower. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Mt. Everest.** (Ideal Darwin). Pure white. Height 29 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Mt. Tacoma.** (Triumph, Double). Resembles a double white peony. Height 24 in. Each 50 cts.; 10 bulbs \$4.80.
- Muriel.** (Ideal Darwin). Clear reddish violet with large white base. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Murillo.** (Early Double). White turning to light pink as the flower develops. Peachblossom is a sport of Murillo and is an improvement in color. Height 15 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Nadya.** (Hybrid). Inside, pure white with black base; outside, white slightly shaded red. Height 27 in. 10 bulbs \$1; 100 bulbs \$9.
- Nectarine.** (Hybrid). Primrose-yellow, shaded apricot. Very beautiful. Height 30 in. 10 bulbs \$1.30; 100 bulbs \$12.
- Nereus.** (Hybrid). Deep rose-pink. Height 25 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Nova.** (Triumph). A beautiful shade of salmon-rose. Flower of exceptional size. Height 20 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Old Rose.** (Ideal Darwin). Old rose. Height 29 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Olympiade.** (Early Single). Bright yellow. Height 16 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Orange Glory.** (Breeder). A globe-shaped Tulip of bright bronze, flushed rosy orange on outside of petals. Height 26 in. 10 bulbs, \$1; 100 bulbs \$9.
- Orange Nassau.** (Early Double). Bright orange-scarlet with a margin of orange. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Orange Queen. (Early Single). A bright orange. Height 16 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Panorama. (Breeder). Deep orange, shaded mahogany. A finely formed Tulip of rich color. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Parrot Tulips, Mixed. This mixture includes four of the best standard varieties, as follows: Constantinople, Cramoisie Brilliant, Lutea Major and Markgraaf. These may be ordered separately if desired, at the same price. 10 bulbs 60 cts.; 100 bulbs \$5.

Paul Baudry. (Darwin). Bright violet-purple. A very fine Tulip. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Peach Blossom. (Early Double). A clear rose-pink. Fine for outside planting or for pots. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Peachblow. (Hybrid). Light yellow, flushed light orange. Height 26 in. 10 bulbs \$1.30; 100 bulbs \$12.

Peasant Maid. "Chameleon" Tulip, of Darwin type. White margined pink, deepening to rich cerise-pink as the flower ages. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Perseus. (Hybrid). Bright orange-scarlet. Height 20 in. 10 bulbs \$2; 100 bulbs \$19.

Persica. (Specie). A very small yellow Tulip with a black base and yellow anthers. Bears several flowers on a stem only 4 in. tall, flowering at the same time as the late Tulips. Valuable for the rockery. Each 50 cts.; 10 bulbs \$4.80.

Pharos. (Lily-flowering). 10 bulbs \$1.10; 100 bulbs \$10.

Picotee. (Cottage). Long white petals slightly reflexing, margined bright pink. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Pierot. (Cottage). Chestnut brown, shaded reddish brown, white edgings. Height 24 in. 10 bulbs 90 cts.; 100 bulbs \$8.

Pillsbury. (Cottage). Multi-flowering. Carmine-rose, shaded lavender. Height 27 in. 10 bulbs 90 cts.; 100 bulbs \$8.

Pink Beauty. (Early Single). Clear bright pink, of large size. One of the best early pinks. Height 15 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Pink Pearl. (Breeder). Violet-rose, white base. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Pink Perfection. (Early Single). A fine pink, of sturdy growth. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Pink Wonder. (Hybrid). In the early stage this Tulip is pure white, gradually becoming suffused with a lovely clear pink. Height 20 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Plekda. (Triumph, Double). Deep bronze. The irregular pointed petals are gold-tipped. Height 17 in. 10 bulbs 90 cts.; 100 bulbs \$8.

President Garfield. (Darwin). A rich dark purple. Very large flower of heavy texture on a long strong stem. One of the finest Tulips in this color. Height 28 in. 10 bulbs \$1.30; 100 bulbs \$12.

ORDER NOW. PAY IN THE AUTUMN WHEN BULBS ARRIVE

- President Hoover.** (Hybrid). Bright orange scarlet. 10 bulbs 90 cts.; 100 bulbs \$8.
- President Taft.** (Darwin). Deep crimson, center of petals flushed deeper red. An exceptionally beautiful red Tulip. Height 29 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- President Von Hindenburg.** (Triumph). Mahogany red, light edge. Height 20 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Pride of Haarlem.** (Darwin). Brilliant rosy carmine with blue base. Height 29 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Prince Albert.** (Breeder). Very large full flower, golden brown in color. One of the finest Breeders and should be included in every Tulip collection. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Prince of Austria.** (Early Single). Orange shaded scarlet. A fine bedding variety and good for forcing. Height 18 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Prince of the Netherlands.** (Darwin). Deep cerise-rose. A very large flower on a tall strong stem. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Prince of Wales.** (Darwin). A beautiful rosy crimson, with a flush of scarlet. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Princess Elizabeth.** (Darwin). Clear delicate pink. One of the older, reasonably priced Darwins and still one of the best. Height 31 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Princess Mary.** (Darwin). Clear bright rose-pink. One of the newer Darwins. Height 31 in. 10 bulbs \$1.50; 100 bulbs \$14.
- Prof. Noble.** (Triumph). Reddish mahogany with a creamy white border. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Purple Beech.** (Breeder). The color resembles the foliage of the purple beech. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Purple Glory.** (Ideal Darwin). Deep purple. Height 28 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Queen of England.** (Ideal Darwin). Delicate soft pink, lighter toward the edge of petals; inside, slightly deeper pink. Sturdy, but graceful stem. One of the most beautiful of the newer Tulips. Height 30 in. Each 65 cts.; 10 bulbs \$6.30.
- Queen of Hearts.** (Darwin). Pink flower of large size. Height 31 in. This is a pink sport of the popular red Tulip Farncombe Sanders. 10 bulbs 70 cts.; 100 bulbs \$6.
- Raphael.** (Darwin). A large flower of rich deep purple-maroon. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Rayon D'Or.** (Breeder). Bright golden bronze. Height 24 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Red Flame.** (Triumph). Cream, heavily shaded reddish bronze. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Red Prince.** (Rembrandt). Rose, flamed red and white. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Red Spider.** (Ideal Darwin). Bright cherry-red. 10 bulbs 80 cts.; 100 bulbs \$7.
- Refulgence.** (Hybrid). One of the best of the orange-scarlets. Large, well-formed, oval-shaped flower. Height 25 in. 10 bulbs \$2.10; 100 bulbs \$20.

- Reine Nathalie.** (Bybloemen). Bright red, flamed and feathered white. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Reve D'Or.** (Breeder). Bright orange terra-cotta. Height 24 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Rev. D'Ombrian.** Large flower of brilliant scarlet. 10 bulbs, 80 cts.; 100 bulbs \$7.
- Rev. Ewbank.** (Darwin). Silvery heliotrope. Height 23 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Rijnland.** (Triumph). Bronzy red with gold edge. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Rising Sun.** (Early Single). Pure yellow. One of the finest yellow Tulips in this class. Height 17 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Roi Soleil.** (Breeder). Dark purple shaded bronze. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Romeo.** (Cottage). Deep wine-red, edged light violet. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Rosabella.** (Hybrid). Soft rose, white base. A flower of beautiful color and form, a strong grower and bound to become a most popular Tulip. Height 27 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Hybrid Tulip — Rosabella

- Rose Mary.** (Ideal Darwin). A very fine rose color with light center; stem strong and stiff. 10 bulbs 90 cts.; 100 bulbs \$8.

- Sir Trevor Lawrence.** (Darwin). Garnet-purple. A very strong-growing Tulip, with large flower of odd but pleasing color. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Solange.** (Hybrid). Citron-yellow; inside, tinged orange. Height 25 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Sonia.** (Ideal Darwin). Brilliant vermilion red with salmon flush. Height 28 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Spinoza.** (Triumph). Magenta-red with violet shading. Height 23 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Stromboli.** (Hybrid). Fiery vermilion, yellow base. 10 bulbs 90 cts.; 100 bulbs \$8.
- Sundance.** (Breeder). Orange terra cotta, edged light bronze. Height 26 in. 10 bulbs 80 cts.; 100 bulbs \$7.

- Sundew.** (Darwin). Crimson with white base; small flower with narrow fringe to petals. Height 26 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Sunset Glow.** (Ideal Darwin). Lovely deep rose, shaded orange; inside, bright salmon, yellow center. This variety is well named. Height 27 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Swastika.** (Ideal Darwin). A fine red with blue base. A long flower of good substance. Height 30 in. 10 bulbs \$1; 100 bulbs \$9.
- Sylvestris.** (Specie). Pure yellow, medium size flower. Very early. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Tea Rose.** (Early Double). Pale yellow, flushed salmon. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- The Bishop.** (Darwin). Violet blue. A fine Tulip in this color. Height 30 in. 10 bulbs \$1.10; 100 bulbs \$10.
- The Bride.** (Lily-flowering). Pure white. Each 45 cts.; 10 bulbs \$4.30.
- Thos. Stephenson.** (Breeder). Beautiful lavender with a rosy flush and darker shadings. Enormous flower of fine substance carried on a tall strong stem. Height 33 in. 10 bulbs \$1.50; 100 bulbs \$14.
- Thuban.** (Triumph). Salmon-rose. Height 20 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Tilly Luss.** (Ideal Darwin). A lovely rose-purple. Height 28 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Titian.** (Early Double). Red, bordered yellow. Height 14 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Tokay.** (Ideal Darwin). Resembles in color the wine of this name. Height 30 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Tokio.** (Cottage). Deep yellow, late flowering, very dainty. Each 25 cts.; 10 bulbs \$2.30.
- Tollens.** (Ideal Darwin). Dark red. Though the color is rather dull, the flower is of enormous size, carried on a long, strong stem. Height 32 in. 10 bulbs \$1; 100 bulbs \$9.
- Tornax.** (Triumph). One of the largest and best whites among the Triumphs. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Tosca.** (Triumph). Garnet with a broad creamy white edge. Large showy flower, strong stem. Height 23 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Tristan.** (Triumph). Orange-red. Height 22 in. 10 bulbs 80 cts.; 100 bulbs \$7.
- Tschigorin.** (Hybrid). The flower is pure white in the early stage, gradually becoming suffused with clear pink. Height 28 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Tubergen's Glory.** (Darwin). Bright rose and white. A very recent introduction. Height 28 in. Each 50 cts.; 10 bulbs \$4.80.
- Ursa Minor.** (Triumph). Pure yellow flower of medium size. Strong stem. Height 18 in. 10 bulbs 80 cts.; 100 bulbs \$7.
-

BE SURE TO ORDER BEFORE JUNE 25th

- Van der Neer.** (Early Single). Dark magenta-purple. Makes a beautiful showing planted with Moonbeam and De Wet. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.
- Van Lochem.** (Triumph). Magenta-red, white base. Height 23 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- Velvet King.** (Breeder). Velvety blue-black. A large flower of robust growth. Height 28 in. 10 bulbs \$1; 100 bulbs \$9.
- Venus.** (Darwin). A large flower, glistening pink. Height 32 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Vesta.** (Rembrandt). Lilac, striped dark carmine. Height 24 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Vindictive.** (Breeder). Bright orange. Height 26 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Viola.** (Darwin). Dark violet. Height 28 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Virgo.** (Triumph). Lavender-blue. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Viridiflora Praeox.** (Cottage). Pale green, creamy yellow edge. Height 20 in. Each 25 cts.; 10 bulbs \$2.30.
- Walter T. Ware.** (Cottage). Deep golden yellow. A small bulb, and medium size, nicely formed flower. One of the latest to bloom. Height 22 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Wega.** (Triumph). Carmine, light edge. Height 21 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- White Beauty.** (Early Single). Finest, purest white in Early class. Very large flower. Height 15 in. 10 bulbs \$1.10; 100 bulbs \$10.
- White Cross.** (Lily-flowering). Large pure white flower, the outer petals reflexing. Height 27 in. Each 35 cts.; 10 bulbs \$3.30.
- White Duchess.** (Lily-flowering). Pure white flower, petals undulated and reflexed. Height 27 in. Each 25 cts.; 10 bulbs \$2.30.
- White Emperor.** (Ideal Darwin). White with creamy white base and black anthers. Height 30 in. 10 bulbs 90 cts.; 100 bulbs \$8.
- White Giant.** (Ideal Darwin). Pure white, of perfect Darwin form. Large flowers. Straight stem, tall and stiff. One of the best of the newer white Tulips. Height 32 in. 10 bulbs \$1.30; 100 bulbs \$12.
- White Hawk.** (Early Single). White, large globular flower. Height 15 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Wilhelm Kordes.** (Ideal Darwin). Salmon-red with an orange edge; inside, a bright salmon-orange. Height 28 in. 10 bulbs \$1.20; 100 bulbs \$11.
- Wisconsin.** (Triumph). Soft rose. Height 17 in. 10 bulbs 70 cts.; 100 bulbs \$6.
- Wm. Copland.** (Darwin). Lavender. Fine for greenhouse forcing. Height 24 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Wm. Pitt. (Darwin). Glowing scarlet. The best red Tulip for early indoor flowering. Height 24 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Yellow Emperor. (Hybrid). Brilliant yellow. Height 26 in. Each 45 cts.; 10 bulbs \$4.30.

Yellow Giant. (Darwin). A golden yellow Tulip of great beauty. Large flower, with black anthers; tall and strong stem. Height 29 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Yellow Prince. (Early Single). Yellow, becoming slightly tinged with red as the flower ages. Height 16 in. 10 bulbs 60 cts.; 100 bulbs \$5.

Yellow Perfection. (Breeder). Light bronze-yellow. Height 30 in. 10 bulbs 70 cts.; 100 bulbs \$6.

Zev. (Darwin). Violet-blue with lighter border. 10 bulbs 80 cts.; 100 bulbs \$7.

Zwanenberg. (Darwin). Pure white with black anthers. Height 27 in. 10 bulbs 80 cts.; 100 bulbs \$7.

Mixed Bulbs. Late-flowering Tulips. 10 bulbs 50 cts.; 100 bulbs \$4.

Standard Bulbs at a Minimum Price

These bulbs are smaller than the top size offered in our general list. They will compare favorably with bulbs bought from an ordinary seed store. We recommend them for mass plantings and for the beginner who wishes to curtail his initial expenditure. We guarantee these bulbs to be true to variety, free from insects and diseases and large enough to produce a good bloom.

We offer this size in the following varieties only:

Baronne de la Tonnaye	Dido	Inglescombe Yellow
Clara Butt	Farncombe Sanders	Pride of Haarlem
Princess Elizabeth	Rev. Ewbank	

For descriptions, see alphabetical list.

The prices are: 50 bulbs \$2; 100 bulbs \$3.80; 1000 bulbs \$35.

You may select all of one variety or split up the order to include any varieties you wish, in which case each will be separately bagged and labelled. If you wish them mixed, an assortment of all the colors will be included.

25 BULBS OR MORE OF ONE VARIETY AT 100 RATE

Narcissi—Daffodils—Jonquils

CLASSIFICATION

For the information of those interested, we give the following simple explanation of the classification of the better known groups of Daffodils.

Division 1. Trumpet Daffodils. Distinguishing character—Trumpet as long or longer than the perianth segments.*

Division 2. Incomparabilis. Distinguishing character—Cup or crown not less than one-third, but less than equal to the length of the perianth segments.

Division 3. Barrii. Distinguishing character—Cup or crown less than one-third the length of the perianth segments.

Division 4. Leedsii. Distinguishing character—Perianth white and cup or crown white, cream, or pale citron, sometimes tinged with pink or apricot. Cup or crown less than equal to the perianth segments.

Division 5. Triandrus Hybrids. All varieties obviously containing N. triandrus blood.

Division 6. Cyclamineus Hybrids.

Division 7. Jonquilla Hybrids. All varieties of N. Jonquilla parentage.

Division 8. Tazetta and Tazetta Hybrids. Including Polyanthus or Bunch-flowered Narcissi, Poetaz Narcissi and Tazetta Hybrids.

Division 9. Poeticus Varieties.

Division 10. Double Varieties.

Division 11. Various Species and Hybrids which cannot be classed under any of the foregoing divisions.

*As these perianth segments resemble the petals in regularly formed flowers, in our descriptions of varieties, we refer to them as the perianth petals.

SELECTIONS SHOULD BE MADE WHILE VIEWING OUR DISPLAY

Narcissi—Daffodils—Jonquils

- Afterglow.** (Barrii). Large overlapping perianth petals of soft yellow. The cup is flaring, standing well back against the perianth, of clear yellow with a distinct orange border. A beautiful flower. Each \$1; 10 bulbs \$9.
- Albo Pleno Odorato.** Double white Daffodil of medium size. Fragrant. 10 bulbs 80 cts.; 100 bulbs \$7.
- Argent.** (Double Daffodil). A nicely formed flower, white and canary yellow. 10 bulbs 80 cts.; 100 bulbs \$7.
- Aspasia.** (Poetaz). Pure white perianth with a yellow cup, several flowers on a tall stem. 10 bulbs 80 cts.; 100 bulbs \$7.
- Beersheba.** (Trumpet). A very beautiful flower, entirely white; long trumpet. Each \$2.50.
- Bernardino.** (Incomparabilis). Creamy perianth with frilled apricot-orange cup. 10 bulbs 90 cts.; 100 bulbs \$8.
- Blazing Sword.** (Incomparabilis). Perianth petals very large, of heavy texture and well overlapping; soft cream yellow shading down to white at ends of petals. The cup, of most beautiful form and coloring, is clear yellow at the base, gradually deepening until the flaring heavily frilled edge becomes a deep orange red. The flower is of large size and remarkable beauty. Stock very limited. Each \$5.
- Bonfire.** (Barrii). Long ivory colored petals; short cup of glowing orange-scarlet. 10 bulbs \$1.10; 100 bulbs \$10.
- Bulbocodium Conspicuus.** (Specie). Small golden yellow flower of hoop-petticoat form and fine rush-like foliage. Height 4 to 6 in. 10 bulbs \$1.10; 100 bulbs \$10.
- Bullion.** (Incomparabilis). Very large flaring frilled cup of rich yellow; over-lapping soft yellow perianth of good substance. The cup is almost large enough to be placed in the Trumpet class. Each 75 cts.; 10 bulbs \$6.
- Bunting.** (Incomparabilis). Perianth cream; very flat open cup of deeper yellow. A very dainty flower. Each 25 cts.; 10 bulbs \$2.
- Buoyant.** (Incomparabilis). Large delicate cream perianth, over-lapping petals of good texture. Cup is quite long, slightly flaring and nicely frilled; creamy yellow in the center, deepening outward until it becomes orange-yellow on the frilled edge. A late-flowering variety. Each \$1; 10 bulbs \$9.
- Campernel Giganteus.** (Jonquil). Pure yellow. Two or three medium size flowers to a stem. Rush-like foliage. Very effective in rockeries. 10 bulbs 80 cts.; 100 bulbs \$7.
- Campernel Rugulosus, Double.** (Double Jonquil). A charming variety, bearing on tall graceful stems, heads of fragrant double yellow flowers. 10 bulbs 80 cts.; 100 bulbs \$7.
- Cassandra.** (Poeticus). Broad pure white perianth; cup deeply rimmed dark red. 10 bulbs 80 cts.; 100 bulbs \$7.
- Celebrity.** (Trumpet). Soft clear yellow trumpet and white perianth; a good sized flower of fine form and substance. Each \$1.25; 10 bulbs \$10.

- Chancellor.** (Incomparabilis). Flaring deep yellow cup of large size, heavily frilled; over-lapping perianth, clear yellow. A very beautiful flower. Each 75 cts.; 10 bulbs \$6.
- Cheerfulness.** (Double Poetaz). A combination of cream and orange, the stems bearing several double flowers of medium size. 10 bulbs \$1.20; 100 bulbs \$11.
- Cleopatra.** (Trumpet). A large pure yellow daffodil of perfect form. 10 bulbs \$1.20; 100 bulbs \$11.
- Croesus.** (Incomparabilis). Pale cream perianth of good form and substance; round rather than pointed petals, well over-lapping; medium size flaring cup of pure yellow with slightly deeper margin. Each 15 cts.; 10 bulbs \$1.40; 100 bulbs \$13.
- Crystal Queen.** (Leedsii). Pure white perianth, pale primrose cup. 10 bulbs \$1.20; 100 bulbs \$10.
- Day Spring.** (Incomparabilis). The base of the perianth is creamy yellow, shading outward to pure white; a large flaring cup of orange-yellow. Each 75 cts.; 10 bulbs \$6.
- Dr. Doughty.** (Incomparabilis). A medium size daffodil of solid yellow. 10 bulbs 90 cts.; 100 bulbs \$8.
- Emperor.** (Trumpet). Pale yellow perianth; darker yellow trumpet. While not as large as some of the giant trumpet Daffodils, it is an excellent free-flowering variety for the garden, and reasonable in price. Round bulbs which always produce one or more flowers. 10 bulbs 70 cts.; 100 bulbs \$6.
Large double-nose bulbs which will produce an average of three flowers. 10 bulbs 90 cts.; 100 bulbs \$8.
- Expectation.** (Barrii). A large white perianth with a fine red-rimmed cup. 10 bulbs \$1.40; 100 bulbs \$13.
- Firetail.** (Barrii). White perianth; yellow cup, edged orange-red. Each 25 cts.; 10 bulbs \$2.30; 100 bulbs \$22.
- Florentia.** (Leedsii). A flower of medium size. The cup is lemon-yellow; the perianth pure white of very good substance. Very free-flowering and creates a beautiful effect. Each 25 cts.; 10 bulbs \$2.
- Franciscus Drake.** (Incomparabilis). Cup rich cream yellow with a border of orange; perianth almost pure white. Because of the irregular and fantastic form of the perianth petals, and the richly colored cup, this variety is sure to attract attention and be greatly admired. Each 75 cts.; 10 bulbs \$7.
- General Gorcas.** (Barrii). Creamy white perianth, large over-lapping petals; yellow cup, flushed orange at edge. A very pretty flower. Each 30 cts.; 10 bulbs \$2.50.
- Glory of Lisse.** (Poeticus). Large white perianth, with red eye. 10 bulbs 70 cts.; 100 bulbs \$6.
- Glory of Sassenheim.** (Trumpet Bi-Color). A large Daffodil with white perianth and large golden trumpet. Fine for any purpose. Round bulbs, 10 bulbs 70 cts.; 100 bulbs \$6. Double-nose bulbs, 10 bulbs 90 cts.; 100 bulbs \$8.
- Gold Lace.** (Incomparabilis). The entire flower is deep rich yellow. Very large flaring cup, nicely frilled; perianth well over-lapping. Each 50 cts.; 10 bulbs \$4.

ONCE PLANTED, NARCISSUS WILL INCREASE AND BECOME
MORE BEAUTIFUL EACH YEAR

Great Warley. (Incomparabilis). Perianth white with broad and massive cup of clear yellow. Each 15 cts.; 10 bulbs \$1.30; 100 bulbs \$12.

Helios. (Poetaz). Several florets on a strong stem, creamy yellow with pure yellow cup. Fine for growing in pots in the home. 10 bulbs 90 cts.; 100 bulbs \$8.

Holland's Glory. (Double Daffodil). A beautiful double Daffodil of soft creamy yellow. There are two rows of perianth petals; large trumpet, well filled. We consider this the most welcome addition to our garden Daffodils that we have had for many years, and believe that it will entirely displace the old-fashioned double Daffodil "Van Sion." Each 25 cts.; 10 bulbs \$2.40.

Horace. (Poeticus). Pure white perianth, conspicuous red eye. This is one of the best of the Poeticus type and much of an improvement over the older Ornatus and Recurvus varieties. Tall stem, free-flowering and reasonable in price. 10 bulbs 80 cts.; 100 bulbs \$7.

John Evelyn. (Incomparabilis). In a word description, it is difficult to do justice to this beautiful Daffodil. The cup is of medium length, heavily frilled. The color is a soft deep cream-yellow, an unusually rich shade. The perianth petals are purest white, of heavy substance, unusual size and well overlapping. The soft cream of the cup and the pure whiteness of the outer petals combine to make a beautiful effect. This will undoubtedly prove to be a most popular Daffodil for years to come. Each 25 cts.; 10 bulbs \$2.40; 100 bulbs \$23.

King Alfred. (Trumpet). A large bold flower with both perianth and trumpet of purest yellow. The trumpet is flaring and nicely frilled. This is the Daffodil by which all similar varieties are judged. In the garden it is upright-growing and free-flowering, and it is by far the best yellow Daffodil for flowering in the conservatory or in pots in the home. Large round bulbs which always produce one or more flowers, 10 bulbs 80 cts.; 100 bulbs \$7.

Extra large double-nose bulbs which will produce from two to four flowers, 10 bulbs \$1.10; 100 bulbs \$10.

Lady Diana Manners. (Barrii). The perianth petals are very large, pure white, of good substance and well overlapping. They stand well back and give the flower a bold appearance. The cup is of good size and nice form, of deep yellow, edged reddish orange. Very free-flowering. Long strong stem and a robust grower. This might be described as a glorified Poeticus. Unquestionably one of the finest of the newer introductions. Each 50 cts.; 10 bulbs \$4.80.

Laurens Koster. (Poetaz). Several florets to a stem. Pure white perianth and orange cup. Especially fine for flowering in pots in the home. 10 bulbs 80 cts.; 100 bulbs \$7.

Lofty. (Incomparabilis). A large pale cream perianth of good texture and well overlapping; pure yellow cup of medium size. A very pretty flower. Each 35 cts.; 10 bulbs \$3.

Lucky Strike. (Barrii). Perianth cream-white, of good substance and well overlapping. Cup medium size, soft yellow with a darker yellow edge. Each 40 cts.; 10 bulbs \$3.50.

- Masterpiece.** (Barrii). Star-shaped perianth of creamy white; flat orange cup nicely frilled. Very free flowering. 10 bulbs 90 cts.; 100 bulbs \$8.
- Mimas.** (Barrii). Perianth cream-yellow, of good size; cup, soft yellow. The distinguishing feature of this variety is the very flaring cup which stands well back against the perianth. Each 50 cts.; 10 bulbs \$4.80.
- Moonlight.** (Trumpet). The trumpet is creamy-yellow, very long and nicely formed. The perianth is almost white. 10 bulbs \$1.20; 100 bulbs \$11.
- Mrs. E. H. Krelage.** (Trumpet Daffodil). Perianth pure white, trumpet ivory. A flower of wonderful refinement and beauty, both as to form and color. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- Nobility.** (Barrii). Pure white perianth of large size, petals overlapping; pure yellow cup of good size for a Barrii. A very pretty variety and one which we think will become popular. Each 15 cts.; 10 bulbs \$1.40.
- Olympia.** (Trumpet). Pure golden yellow. One of the largest and showiest of this class. Round bulbs, 10 bulbs 90 cts.; 100 bulbs \$8. Double-nose bulbs, 10 bulbs \$1.20; 100 bulbs \$11.
- Orange Beauty.** (Incomparabilis). Clear yellow perianth; deep yellow cup, heavily frilled. Very short grower, free-flowering. Each 35 cts.; 10 bulbs \$3.
- Orange Glow.** (Incomparabilis). A large, flaring, heavily frilled cup of rich yellow, edged orange; creamy white, overlapping perianth petals. A large attractive flower. Each 75 cts.; 10 bulbs \$7.
- Orange Splendor.** (Incomparabilis). A rich orange, frilled cup of good size; large perianth, petals shading from light orange at the base, to white. A large bold flower of heavy substance, supported by a long strong stem. Each \$5.
- Plato.** (Trumpet). A pure yellow flower; trumpet large and flaring. Each 25 cts.; 10 bulbs \$2.40.
- Primrose Phoenix.** (Double Daffodil). Large semi-double flowers of primrose-yellow. Fragrant. 10 bulbs \$1; 100 bulbs \$9.
- Red Cross.** (Incomparabilis). The large overlapping perianth petals are soft yellow at the base, shading outward to sulphur yellow. The rich yellow medium length trumpet has a distinct orange-red border. A strong growing variety and a striking flower. To bring out the best color in this and other red-cup varieties, the flowers should be protected from strong sunlight. 10 bulbs \$4.
- Robert Sydenham.** (Trumpet). Perianth sulphur-yellow; trumpet golden yellow, heavily frilled. One of the best of the giant Daffodils. Round bulbs, 10 bulbs \$1; 100 bulbs \$9. Double-nose bulbs, 10 bulbs \$1.40; 100 bulbs \$12.
- Robinhood.** (Trumpet). An extremely long trumpet of the deepest yellow, almost orange; perianth petals very long and pointed, also quite a deep shade of yellow. A very handsome and striking flower. Each \$2.
- Silvery Moon.** (Leedsii). Trumpet creamy yellow of delicate form and color; perianth almost white. Each 25 cts.; 10 bulbs \$2.

*POT DAFFODILS IN THE AUTUMN TO BRIGHTEN YOUR HOME
DURING THE BLEAK WINTER DAYS*

Sir Watkin. (Incomparabilis). Perianth primrose-yellow; medium length trumpet of deeper yellow. We recommend this variety particularly where a liberal planting is desired at a small outlay. It is a flower of pleasing form and color, wonderfully free-flowering and persists in flowering year after year, even when conditions are not the most favorable. A fine variety for naturalizing. Round bulbs which always produce one or more flowers, 10 bulbs 60 cts.; 100 bulbs \$5. Large double-nose bulbs which will produce an average of three flowers, 10 bulbs for 90 cts.; 100 bulbs \$8.

Southern Gem. (Leedsii). A medium size daffodil of dainty form and coloring. Particularly suitable for the rockery. White perianth, yellow cup. 10 bulbs 80 cts.; 100 bulbs \$7.

Spark. (Barrii). Perianth petals are pure white, slightly irregular in form. The cup is margined fiery red. This is an unusually large flower for the Barrii type, and we consider it a very attractive variety. Each 75 cts.; 10 bulbs \$6.

Spring Glory. (Trumpet Bicolor). One of the large trumpet Daffodils. Perianth pure white, trumpet golden yellow. Round bulbs, 10 bulbs 70 cts.; 100 bulbs \$6. Double-nose bulbs, 10 bulbs 90 cts.; 100 bulbs \$8.

Sunglow. (Incomparabilis). A large light cream perianth of heavy substance, well overlapping. The cup is of good size, flaring well back against perianth; soft yellow at the base, deepening outwardly, with a wide frilled border of rich orange. This variety is well named and we consider it one of the choicest of the newer Daffodils. Each 75 cts.; 10 bulbs \$6.

Thelma. (Poeticus). Snow-white perianth, petals overlapping, light yellow eye, edged bright crimson. 10 bulbs \$1; 100 bulbs \$9.

The Pearl. (Semi-Double). Creamy white interspersed sulphur-yellow. Height 10-12 inches. 10 bulbs 90 cts.; 100 bulbs \$8.

Treavon. (Incomparabilis). Large white perianth of heavy texture, petals overlapping. The medium size cup is slightly flaring, yellow at the base and shading to a rich orange edge. A very attractive flower and one of the best varieties in this class. Each 50 cts.; 10 bulbs \$4.

Tresserve. (Trumpet). One of the largest yellow Daffodils. Round bulbs, 10 bulbs 80 cts.; 100 bulbs \$7. Double-nose bulbs, 10 bulbs \$1.20; 100 bulbs \$10.

Triandrus Albus. (Angels' Tears). Creamy white. Reflexed perianth. Height 6 in. 10 bulbs \$1.20; 100 bulbs \$10.

Triandrus Thalia. This is one of the gems of the Daffodil family. The medium size pure white flowers are born in clusters of three or four on a stiff stem about 12 inches in height. Each individual flower is a perfect little Daffodil. Medium length trumpet and perianth petals standing out star shaped. Beautiful as a cut-flower and suitable for planting in border or rock garden. Each 35 cts.

Twink. (Double). A Daffodil of the semi-double type, the petals alternating soft primrose and clear orange, and so arranged as to give the flower a most attractive appearance. Each 25 cts; 10 bulbs \$2.40.

- Van Waveren's Giant.** (Trumpet Bi-Color). Creamy white perianth, yellow trumpet. A large showy flower. Round bulbs, 10 bulbs \$1.20; 100 bulbs \$10. Double-nose bulbs, 10 bulbs \$1.50; 100 bulbs \$14.
- Victoria.** (Trumpet Bi-Color). White perianth and yellow trumpet. Medium size flower of good substance, flowering somewhat later than the other bi-colors. Round bulbs, 10 bulbs 70 cts.; 100 bulbs \$6. Double-nose bulbs, 10 bulbs 90 cts.; 100 bulbs \$8.
- White Lady.** (Leedsii.) White with pale canary cup; long, graceful stem. Splendid variety for naturalizing. 10 bulbs 70 cts.; 100 bulbs \$6.
- Will Scarlet.** (Incomparabilis). Orange-red cup with creamy white perianth. 10 bulbs 90 cts.; 100 bulbs \$8.
- Winter Joy.** (Incomparabilis). A pure yellow Daffodil, the most outstanding feature of which is the beautiful large flaring cup which might more properly be called a trumpet. Each 25 cts.; 10 bulbs \$2.
- W. P. Milner.** Miniature white trumpet Daffodil, 10 inches high. Very satisfactory in rock gardens. Each 20 cts.; 10 bulbs \$1.90; 100 bulbs \$18.
- Yellow Poppy.** (Incomparabilis). Soft cream perianth of good size, overlapping petals. The cup is pure yellow, very delicate in form. The shade of cream, almost ivory, is a very pleasing feature of this flower. Each 25 cts.; 10 bulbs \$2.

NATURALIZING

Daffodils are the first major flowers to bloom in the spring. By nature they are informal flowers, and look best when grown in drifts, in the shubbery or under trees. Our naturalizing mixture is an exceptional value, containing many of best Trumpet, Incomparabilis, Barrii, Leedsii and Poeticus varieties. Plant them and do not disturb until they crowd; the bulbs may then be lifted and replanted over a much larger area. A purchase of bulbs for naturalizing is an investment which will pay in blooms for many years.

Naturalizing Mixture. Round bulbs, 10 bulbs 50 cts.; 100 bulbs \$4.; 1000 bulbs \$30. Double-nose bulbs, 10 bulbs 70 cts.; 100 bulbs \$6; 1000 bulbs \$50.

DAFFODIL COLLECTION

Group H. This group consists of ten standard varieties, of our selection. It includes representative types of the various classess of Daffodils, including the large Trumpet, Incomparabilis, Leedsii, Barrii and Poeticus varieties.

Collection H-1	3 bulbs each of 10 desirable varieties.....	\$2.00
Collection H-2	5 bulbs each of 10 desirable varieties.....	3.25
Collection H-3	10 bulbs each of 10 desirable varieties.....	6.00

Each variety separately bagged and labeled.

Paper White Narcissus for growing in pebbles and water. Six to twelve pure white blooms on each stem. More easily grown than any other flower, which accounts for their universal popularity. (Not hardy). First size bulbs only.
10 bulbs 50 cts.; 100 bulbs \$4.50.

LET THE CHILDREN PLANT A BULB GARDEN

HYACINTHS

HYACINTHS add beauty to the springtime garden, flowering with the Daffodils and Early Tulips. They are also excellent for indoor flowering. We offer top size or exhibition bulbs, also a medium size. Both produce perfect flowers and are good for all purposes; the top size, of course, produces a heavier spike.

- Duke of Westminster.** Deep purple blue with white center.

Gertrude. Deep rose.

Grand Maitre. Deep lavender-blue.

King of Blues. Rich dark blue.

Lady Derby. Light rose-pink.

L'Innocence. Pure white.
- La Victorie.** Carmine-red.

Myosotis. Beautiful light blue.

Prince Henry. Clear yellow.

Princess Margaretha. Salmon-pink.

Queen of Blues. Light porcelain-blue.

Queen of Pinks. Very lively pink.

Schotel. Light blue.

	Each	Per 10	Per 100
Top size bulbs	15 cts.	\$1.40	\$13.00
Medium bulbs	10 cts.	.90	8.00

Miscellaneous Bulbs

Chionodoxa. (Glory of the Snow). Small bulbs which flower very early in the spring. Suitable for planting in the rock garden or low border. Plant in groups for good effect. Height 4 to 5 in. We offer the following variety.

Luciliae. Clear blue with white center. Flowers borne in a loose cluster. 10 bulbs 25 cts.; 100 bulbs \$2.

Crocus. We handle only the very best top size bulbs which will produce many flowers, large and beautiful. Each year we have a number of customers who exclaim over their results claiming from fifteen to twenty blooms from each individual bulb. There is nothing so joyous in the early spring time as a group of vivid Crocus and we recommend their unlimited use. We offer the following colors: Blue, White, Yellow, Purple, White striped Violet. Also a mixture of the above colors. 10 bulbs 30 cts.; 100 bulbs \$2.50; 1000 bulbs \$22.50.

Eranthis. (Winter Aconite). In early spring about the time Crocuses are in bloom, these produce golden yellow flowers like large buttercups, each set off with a frilled collar of green. Will thrive under trees or among shrubbery. Low growing. 10 bulbs 35 cts.; 100 bulbs \$3.

Feather Hyacinth. See Muscari.

Fritillaria Imperialis. Tall strong stems bearing a crown of gracefully drooping bell-shaped flowers, surmounted by a tuft of green leaves. Excellent for the hardy border as they can be left undisturbed for years. We offer the following two varieties:

Maxima Red. Red-orange in color, height 30 in. Each 35 cts.; 10 bulbs \$3.

Maxima Yellow. Height 34 in. Each 75 cts.; 10 bulbs \$7.

Fritillaria Meleagris. Bronze-purple and reddish brown bell-shaped flowers, curiously checkered, on stems about 1 foot high. Very effective in groups or for naturalizing. 10 bulbs 50 cts.; 100 bulbs \$4.

Galanthus. (Snowdrop). Rather small white flowers, one of the first to bloom in the spring. Should be planted in groups. Single variety, 10 bulbs 35 cts.; 100 bulbs \$3. Double variety, 10 bulbs 50 cts.; 100 bulbs \$4.

Leucojum Aestivum. (Summer Snowflake). An attractive flower, reminiscent of old-time gardens. The bulb and the growth resemble a Narcissus. The flower stems grow to a height of 14 to 16 inches, each stem bearing several gracefully drooping white flowers, bell-shaped, the point of each petal having a pale green dot. Plant in groups. Once established, they bloom year after year. 10 bulbs 80 cts.; 100 bulbs \$7.

Muscari. (Grape Hyacinth). Dainty spikes of bell-shaped flowers blooming in early May. Very beautiful in the rock garden or massed in the flower border. Height 6 to 8 in. We offer the following varieties:

Armeniacum. An effective variety of cobalt blue. Fragrant. 10 bulbs 30 cts.; 100 bulbs \$2.50; 1000 bulbs \$22.50.

Botryoides Album. This is the white form which is very pretty planted with the blue variety. 10 bulbs 35 cts.; 100 bulbs \$3.

Muscari Plumosum. (Feather or Plume Hyacinth). Bearing in May handsome feathery plumes of violet-colored flowers. Height 8 in. 10 bulbs 50 cts.; 100 bulbs \$4.50.

Scilla Campanulata. (Wood Hyacinth). Stems 12 to 15 inches tall, bearing several gracefully drooping bell-shaped flowers, about the middle of May. Very effective for naturalizing, or planted in groups in the border or rock garden. In three colors: Sky Blue, Pink and White. 10 bulbs 35 cts.; 100 bulbs \$3.

Scilla Sibirica. Stems 4 to 5 inches high, bearing several drooping bell-shaped flowers. Suitable for the rock garden or border. Continues to flower freely year after year, in late April or early May. Plant in groups for the best effect. Variety Sky Blue and variety White, 10 bulbs 40 cts.; 100 bulbs \$3.50.

Crocus

Beautify Your Garden . . .

with Annuals and Other Bedding Plants

Annuals are most appropriate to follow in the spaces occupied by Tulips and Daffodils, either where the bulbs are lifted or where they remain in the ground for another season's flowering.

We suggest that you look over our stock of Annuals and other spring bedding plants, at the time of your visit to see our Tulips. These are sold only at our Greenhouses. We do not deliver plants.

Ageratum	Geraniums	Roses
Amaryllis	Gladiolus	Salpiglossis

Pepper, Tomato and Cabbage Plants.

CHRYSANTHEMUMS

Hardy Early-flowering Varieties for the Garden

Among the late-flowering garden plants, Chrysanthemums are very popular. They produce a glorious mass of autumn colors when most garden flowers are over with. Earliness in flowering is the most essential quality. From our extensive trials, we have selected the following as desirable for garden planting.

Amelia	Glory of Seven Oaks	Pink Cushion
Albert Muller	Jean Cumming	Princess
Barbara Cumming	Jean Treadway	Royal Red
Bronze Beauty	Jewel	E. Marion Hatton
Early Bronze	L'Argenteuillais	September Queen
Frances Whittlesey	Magic White	Tasiva
Granny Scoville	Louise Schling	Yellow Cushion
Grenadier	October Girl	Yellow Normandie

KOREAN HYBRIDS

Ceres	Hebe	Mars

HYBRID TEA ROSES

These are strong potted plants in active growth which can be immediately planted in your garden with the assurance that they will continue to grow and flower this season. Each 75 cts.; per dozen \$8.

Dame Edith Helen. Long pointed buds developing into large fully double flowers of a brilliant Rose-du-Barri pink.

Edith Nellie Perkins. An outstanding, vigorous, free-flowering rose of orient red; inside, salmon pink.

Etoile de Hollande. The most popular red garden rose, a brilliant crimson. Large, double, fragrant flowers.

Kaiserine Auguste Victoria. A favorite double rose of pure white, fragrant.

Mev. G. A. Von Rossem. A striking blend of vivid orange and apricot on a golden yellow ground. Large perfect buds and flowers produced very freely.

Mrs. Pierre S. Dupont. Long pointed buds of reddish gold, opening into beautiful yellow flowers, semi-double.

Pres. Hoover. A charming combination of cerise-pink, flame, scarlet and yellow. A large flower freely produced. Delightfully scented.

Roslyn. Full golden yellow blooms, deeper in center, with orange splashings on back of petals.

Talisman. Fragrant blooms of glowing golden yellow, stained copper-red and orange-rose on the inside of petals.

CLIMBING ROSES

Mary Wallace. The outstanding large-flowered pink climber. Very free-flowering.

Paul's Scarlet Climber. A most popular climbing rose. Flowers large, well shaped, vivid scarlet-red, produced in clusters on long strong stems.

GLADIOLUS

Gladiolus are one of the most satisfactory flowers to grow. No other flower gives so much for so little effort. They hold an ever-increasing interest, not only for their beautiful coloring, but also for their lasting qualities as cut flowers.

Of the many varieties, we have selected the following to offer to our customers. They are outstanding and include a wide range of color. By making a succession of plantings, the blooming period may be considerably prolonged.
